Excerpts From The Avenues By GENE EPPLER

Americans celebrate Thanksgiving with gusto, always thankful for something, which plainly proves no matter how tough things are going, we at least feel they have been worse. . . . History tells us that Thanksgiving was skipped, sometimes for years at a time, after the first in 1621—until real peril hit the country in form of the Revolution. For years it appeared as if the losing battle after battle, no more chance than a National League team in a World Series. Bleak days, those. . . . The Continental Congress called a Day of Thanksgiving every year of that war. . . . After Thanksgiving was half forgotten until the Civil War was at its peak. . . . In 1863 Lincoln, knowing when he might have a high-tail it out of Washington, Lee at his heels, proclaimed a day of thanksgiving. From then on Americans—perhaps sensing we may be crowding our luck by only offering thanks when we're jittery—have observed Thanksgiving Day every year with a single miss. . . . It has worked fine. There's always something to be thankful for, so let us give thanks!

Over the river and through the woods to Grandmother's for Thanksgiving dinner will be a safe bet if every motdrist will be a little more careful than usual, Police Chief Stanley C. Williams reminded Albanyans today.

Sign on the City Hall's caucus table: "Reserved for Enterprisers." . . . A book missing from the Albany City Library for the last six years showed up this week. "How to Improve Your Story."

SOROPTIMIST SCRIBBLINGS

Albany Soroptimists will be grateful and rejoicing together (Wednesday) at the regular meeting at Pietro's. And it will be extra-special meeting, with Maynard as chairman of the day.

Rev. Robert Benefiel, of Albany Community Methodist Church, will be the featured speaker, along with vocal music and a community

Decorations will be different for Thanksgiving session. On a table of dark green will be centerpieces consisting of huge banana bunches, filled with colorful nuts and nuts. These will be given door prizes at the end of the evening—providing members sweeten the kitty and hold the winning number.

Place cards will be hand made with wide-spread tails. All of it will be a gala affair.

Past presidents of the club will be honored and seated at the head table. Still surviving, in order of appearance are: Charter President Grace Higgins, Claire McGaw, Beatrice Williams, May Olson, Nell Moore, junior past president Edith Lennox will preside.

Soroptimists are contributing a turkey to Girl Scout Troop of Marin School, led by Mrs. Marion Geering, for their Thanksgiving basket. The girls are preparing a Thanksgiving dinner with the trimmings for a local needy family.

Soroptimists are grateful and thankful, and hope all of you are—Claire McGaw.

Thanksgiving 1950

Thanksgiving is old as ancient man, yet new as today's generations. As in days past we continue to be thankful in 1950 for great men, great events in history, and great personal experiences of pure joy, high achievement, or unselfish deeds.

Let us give thanks with renewed enthusiasm for America, our homeland where the most humble citizen can find the richness of opportunity amid friendly human influences. Where else in all the world is honest sincere effort rewarded so generously?

Now dawn in our day the great UNITED NATIONS. Men of all races and religions seek to guide the indescribable powers of mankind toward universal brotherhood. Their soldiers lay down their lives for one common ideal, that no man any where can become the victim of enslavement. Give thanks for the developing appreciation of the worth and dignity of every human being.

Holy men in all ages have declared: "O give thanks unto the Lord, for He is good." Why is this? Is it not because the thankful spirit is a revitalizing one? As bitterness and cynicism take their toll in humanity the appreciative spirit sweeps in to heal. Thankfulness affects us and when we beam our gratitude outward toward our friends it warms their hearts. There are people very near you who would find new courage and cheer if you would take time out and say, "Thank You." And as our own spirit is freed from the annoying pressures of heavy responsibilities through sincere gratitude, there comes to a stabilizing peace of mind.

Giving thanks is a wonderful expression of the divine fire which God has kindled in the hearts of all men. It is not strange that reverence and faith spring from a thankful heart. Let each in his own manner speak for his thanksgiving—for it is good to "give thanks."—Rev. Robert L. Benefiel, Community Methodist Church.

Marin PTA's Tell Holiday Plans

Marin PTA members, like thousands of other American families, today were making plans to celebrate Thanksgiving in various ways. And on the same day each in their own way will reaffirm their faith and bounty of thanks for the freedom of religion, of speech and assembly—privileges which are nonexistent in most of the world.

Shunning the usual turkey fare, the George F. Klamanns will shoulder their muskets for a fine pleasant dinner. Mr. and Mrs. H. Arnold and family are planning a duck dinner—home grown. However, a few tears may be shed by the young Arnolds over "Eloise," whose stepmother was a heating pad.

Providing the Thanksgiving atmosphere on the D. S. Phil's table will be Pilgrim place cards made by their young sons.

Mr. and Mrs. Harold Farley are happy to have with them again Mrs. Farley's mother, Mrs. L. E. Cooper, recently returned from Utah. Sharing the celebration will be Mrs. Cooper's sister, Mrs. Bettie Cobb, visiting here from Kansas City, Mo.

The Craig Converses always look forward to Thanksgiving as it brings a visit from Mrs. Converse's mother, Mrs. John McNeil, and her sister's family, Mr. and Mrs. H. L. Rupard and Nancy Lee. A new comer to the group this year will be Kay Ormiston, a cousin, recently moved here from Canada.

Mrs. C. R. Quick, president, and family will spend the holidays in

Reddy with her family.

Traveling only one block from home for the day are Mr. and Mrs. Blythe Williams, who will be guests of the William Manfells, of Key Route Blvd.

Albany, Oregon, will be the scene of a typical old fashioned Thanksgiving festival when the E. J. Whites arrive to spend the holidays with friends made during the time White was in service.

Check Homes Now for Winter Fire Hazards

Albany Fire Chief Fred Pimental today warned residents of five dangers which may prevail in homes during the rainy season and cold months to come.

Pimental recommended the following:

1. Clean the floor furnace of lint or debris.
2. Locate and acquaint yourself with the main gas turnoff valve for your home in the event of flooding of the furnace or water heater.
3. Keep a fire screen in front of the fireplace.
4. Check the fireplace for cracks and other faults that may have developed during the summer months.
5. Use extreme care in the use of candles for decorative purposes.

Mr. and Mrs. W. Peoples, of 1015 Wilson, are parents of a daughter born November 4 at Herrick, weighing 9 pounds 7 ounces. She was named Vickie Jo.

ALBANY HILL WILL STAY

Board Offers Long Lease on Library Site

The Board of Education today offered the city a lease extension from 50 to 99 years on the old Cornell School property as a proposed site for a new city library.

The City Council Monday night voted to meet with the Board of Education Tuesday night to discuss terms of the lease.

Value at \$40,000, the Council approved acceptance of a 50-year lease on the property last August on recommendations of the Library Board.

The Schools offered the property to the city without cost, but requested that the proposed library include a room for adult education classes.

In return for the lease extension, the Board of Education proposed that money for the library be available by July 1, 1952, and that construction be started by January 1, 1953.

Providing Government controls do not interfere, the Board stated that the lease would expire on the proposed dates if funds are not available or construction started on the building.

A letter from the Library Board recommended that the city employ Young and Lloyd as architects to draw proposed plans for the library.

In other business, Mayor Charles Graeber announced the Chamber of Commerce is making a survey of Albany merchants to see whether or not they want parking meters.

The proposed meter area would include all of San Pablo Ave. and Solano Ave. between Madison and Cornell. The survey will be presented at the December 4 meeting.

Masons to Confer 3rd Degree Tuesday Night

Albany Masons will confer the third degree of Masonry on a candidate at the 8 p. m. meeting Tuesday at the Maccabee Hall, Kains and Marin Aves.

The meeting will also conclude a successful year for Worshipful Master Frank S. Spires and his corps of officers.

Refreshments will be served after the meeting. Sojourners and visiting Masons are invited to attend.

Library Board Names Officers

The Albany Library Board today had reorganized, naming Howard J. Bush, 973 Stannage Ave., as its new chairman. He succeeds Mrs. Henry Honnert, of 713 Carmel, who will serve as publicity chairman.

Serving as vice-chairman is G. D. Gaeta, of 810 Evelyn, recently appointed to the Board by Mrs. Kathie Zahn when Mrs. John Wilks resigned as secretary.

Other officers include Mrs. John Hastings, of 817 Curtis, secretary, and Mrs. Wallace Mardilla, public relations.

The Board is scheduled to meet next on December 20 at the City Hall.

Dorothy Maynor Opens Concert Series

Dorothy Maynor, world famous soprano, will open the Albany-El Cerrito Community Concert season here 8:50 p.m. tonight (Nov. 22) at Albany High School Auditorium. It was announced by Mrs. Harold Stone, president of the association.

"We of the local association are extremely fortunate in securing Miss Maynor as our opening attraction," Mrs. Stone said. "Her superb voice and beautiful artistry are acknowledged to be among the greatest of our time."

The daughter of a Norfolk, Virginia, minister, Miss Maynor absorbed the folk music and spirituals of her people at an early age. She received her first musical experience in the choir of her father's church, and her first lesson came later when she entered Hampton Institute at the age of 14. After graduation, she toured Europe as a member of the Institute's famous Negro Chorus, and later studied at the Westminster Choir School in

Both Frances Clark, 10, and Richard Cornell, 11, helped bring a little happiness to the children of war-torn Korea as they and other pupils at Albany's Marin School turned toy wagons over to William L. Ambassadors (jg) MARIN YOUNGSTERS SEND TOY WAGONS TO KOREAN CHILDREN

Over 100 wagons made by Marin School youngsters today were on their way across the Pacific where they will be given to children in devastated Korea.

The wagons were recently turned over to William L. Keys, commandant of the Marine Corps League, Department of California, who arranged shipment of the toys on a Navy transport.

"We of the Marine Corps League feel that through the cooperation of schools we can greatly assist children of Korea to a happier life and prove to them that Democracy does work," Keys said.

The flat bed wagons are approximately 3 1/2 by 12 inches with two-inch side boards. They have wooden spool wheels and colored pull strings. The name and address of the child making the toy is stamped on the bottom of the bed.

The wagons were constructed by seventh-graders under supervision of Bert Griffin, head of Albany Schools Recreation Department. Assistance was given by Marin PTA, Marin Dads' Club and the wagons were painted by Albany Fire Department.

A Day All of Us

Take to Heart

Thanksgiving Day is one of the greatest of American traditions; everyone seems to catch the festive spirit of this great holiday. But Thanksgiving Day stands for a great deal more than the traditional turkey dinner. All over the land you'll find churches filled, and heads bowed in thanksgiving.

Telephone service is still a bargain... for since 1940, rates have gone up much less than the cost of living

GOOD FRIEND OF THE FAMILY BUDGET

The telephone actually takes less of it than in 1940

1. Seems like the prices of most things you buy have about doubled, in the last ten years. Among the stand-out exceptions is your telephone service. There have been rate increases, of course, to help meet increased costs of furnishing service... higher wages, higher prices for materials, higher costs generally. But telephone rates have gone up far less than most other things. And that's only part of the story.

3. Today you can call more of the people you want to call... many more people can call you. And the calls you get are often more important than the calls you make. Yet average telephone rates have gone up less than half as much as the cost of living generally. They're up much less than our costs of providing service. It all comes down to this: Today telephone service can be purchased for fewer hours of work than in 1940. Your telephone is a mighty good friend of the family budget.

2. Telephone installers are making your service better all-around bargain, too. When you buy a pound of something, you still get sixteen ounces... although the price may have doubled. Twelve items still make a dozen. But not so with telephone service. Your telephone dollars buy, on the average, twice as many available connections as ten years ago... for we've more than doubled the system in that time.

Price increases since 1940

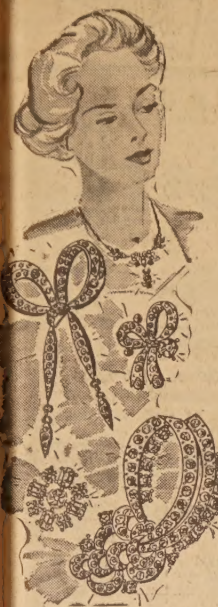

Your telephone is one of today's best bargains

CHRISTIAN SCIENCE

Every Christian Science Church
 in the United States will hold a
 special service Thanksgiving Day,
 to be held locally at the Second
 Church of Christ Scientist, 1521
 Spruce St., Berkeley.

Christian Scientist enthusiastically
 take this opportunity annually to
 express their thanks to God for His
 infinite goodness. A special Lesson-
 Sermon for this year's service, com-
 prised of citations from the Bible
 and from the Christian Science
 textbook, "Science and Health with
 Key to the Scriptures" by Mary
 Baker Eddy, will be read by the
 First and Second Readers. Near the
 close of the service, there will be
 opportunity for members to give
 testimonies appropriate for the oc-
 casion, carrying out the spirit of
 the following citations in the Les-
 son-Sermon.

The Bible: "Bring ye all the
 tithes into the storehouse, that there
 may be meat in mine house, and
 prove me now herewith, saith the
 Lord of hosts, if I will not open
 you the windows of heaven, and
 pour you out a blessing, that
 there shall not be room enough to
 receive it." (Malachi 3: 10).

Science and Health: "To those
 leaning on the sustaining infinite,
 today is big with blessings." (Plef.
 VII.).

Catholics Plan Clothing Drive

In answer to an emergency appeal from the United Command in Korea for clothing, blankets and shoes, 190 Catholic Churches in the San Francisco Archdiocese will operate emergency clothing collection centers throughout Thanksgiving week.

Collection centers will be staffed day and evening to receive donations of needy articles. Local contributions will be accepted at St. Ambrose Church, Gilman and Stanage Ave.

Articles will be distributed in all areas of need in Korea, Europe and the Near East to which relief shipping channels are open. Distribution will be as broad as charity itself—to all without regard to race, color or creed.

Pfc. Clarence Smyth Training in Texas

Lackland is the world's largest air force base, center for basic training of airmen and women, indoctrination station for prior service reenlistees and home of the AF's Officers Candidate School.

MacGregor PTA

Sees Film on 'Human Growth'

"It is very important that parents know the right answers when young children begin asking about sex," Mrs. Grace Ricketts, representative of Alameda County Superintendent's Office, told members of MacGregor PTA at the Thursday night meeting.

Mrs. Ricketts showed the film, "Human Beginnings," and comfortably answered all questions presented by parents regarding what youngsters should know about sex. The film is one of a series made for public school showing, she explained, the first being "Human Growth," a picture for intermediate grades.

"Human Beginnings," for primary grades, depicts a classroom of six-year-olds drawing pictures telling stories about their ideas of human beginnings and showing the varied reactions. It tells the story at six year level of child birth and its complications as related to the child.

"There must be an overwhelming majority of parents approving the picture before it can be shown in the school," Mrs. Ricketts said. She said the quickest way is to have parents and children see it

Revival Ends Sun. At Nazarene Church

Rev. C. W. Croft, who stands six feet eight inches tall, will conclude a revival meeting Sunday at the Albany Church of the Nazarene, 850 Talbot Ave.

Rev. Croft, pastor of Westside Church of the Nazarene in San Jose, will use "Marks of a Christian" at the 11 a. m. service. He will speak on "Sin" at the 7:30 p. m. service. At the 6:30 evening hour, Rev. Croft will speak to the congregation's young people on "Surmounting Difficulties."

Rev. Virgil W. Borden, pastor, has been directing the music and doing solo work during the campaign.

together after school. Mrs. William McGimpsey finance and budget chairman, announced that the third annual turkey whist was a financial success due to the excellent cooperation of the many parents.

Mrs. Ronald Shattock announced that MacGregor PTA is sponsoring a Fold Dance Festival January 13 at Albany High School Auditorium. Proceeds from the dance and cold drink sales will go for the benefit of the Albany Nourishment Association, which provides milk for Albany's needy children. Admission will be 50 cents.

always on top!

ACTION! That's the team word here! Smooth, swooping power from the Pace Car engine of the Indianapolis 500-mile Race! Gas-economy from the 26-miles-per-gallon-winner of the Grand Canyon Sweepstakes! Brilliant new styling for 1951 with a bold new front...a sweeping new back...exciting new beauty all around! Come in and drive this 1951 Mercury! Your first mile will tell you why it's tops in popularity with people who insist on beauty built into the brawn and bone of their cars, rather than "chromed onto" the outside.
